

INDEX

- 1911 Census 1, 167
- Absolute or relative terms 157
- Acheson committee 98
- ACORN system 109
- Activity data from government and public agencies 130
- Acute Sector 56, 59
- ADL 73
- Adult Dental Health Survey 56, 58, 137
- age 11–13, 17, 28–30, 33, 52, 53, 55, 59, 75, 85, 92, 93, 101, 106, 109, 120, 125, 132, 135, 140, 141, 159, 164, 168, 170, 171, 174, 176
- Alcohol 65, 67, 89, 113, 177, 181
- appropriate items to include in a domain 115
- Arbuthnot Index 105
- Archives and Sources 133
- area of residence 9, 11, 15
- area-related health associations 15
- artefactuality 169, 182
- Asthma Quality of Life Questionnaire 77
- Behavioural Explanations 177
- benefits 27, 70, 89–91, 97, 100, 112, 130, 131, 133, 141
- Black Report 1, 125, 167, 169, 182
- BLS 31
- Breadline 88, 93, 94, 99, 102, 118
- budget standard approach 89
- CACI 142
- Cancer Functional Living Index 77
- Cancer Quality of Life Index 77
- cancer registry 137
- Cancer Rehabilitation Evaluation System 77
- car ownership 11, 22, 26, 89, 93, 101, 109
- CARE 74, 77
- Causes of death 12, 13
- Census of Employment 34, 140
- child benefit data 30, 141
- Children's Health 75
- Chronbach's alpha 92
- Circularity 123
- CLARITAS 109, 142
- Classification Systems 108, 142
- Cohort effects 12
- Community Health Sector 59
- Compendium of Health Indicators produced by NCHOD 135
- Composite Indicators 142
- Comprehensibility to non-specialists 121
- Concentration Index 164, 165
- condition specific model 70, 71
- Construct validity 118
- Content validity 117
- CONTEXT, HISTORY AND THEORY 167
- correlations 70, 92, 94, 113, 115, 117–119, 175
- Council tax 24, 108
- Crichton Royal Behaviour 75
- Crime 100, 103, 140
- criterion validity 117
- DALY 84, 85
- Data Archive 29, 34, 67–69, 133, 138, 140, 141
- data availability 102, 113, 115
- Data from large-scale surveys 130
- Data sources 14, 16, 19, 26, 29, 33, 41
- Decennial Census 29, 90, 135, 141
- Decennial Supplement on Occupational Mortality 169
- definition of inequality 171
- definition of rural 43, 44
- Demographic 11, 170
- dental health 58, 113
- Department of Health 7, 27, 59, 137
- Depression 74, 82
- Deprivation 41, 102, 103, 139
- DES 141
- Designing surveys 5
- Diet 65, 177, 178
- Differences or variations in health 3, 156
- Difficulties in Using an Indicator 122
- disability 27, 62, 63, 68, 72, 73, 78, 83, 106, 112, 114, 133, 138, 141
- Disability Adjusted Life Expectancy 83
- education 2, 27–29, 68, 103, 106, 109, 124, 141, 160, 179
- employment 11, 22, 25, 30–34, 43, 68, 93, 104, 106–108, 114, 122, 139, 140, 176, 181
- English House Condition Survey 41, 42, 107, 139

- Environment 140, 181
 ethnicity 9, 11, 15, 17, 19, 89, 132
 European Organisation for Research on
 Treatment of Cancer 77
 Exercise 65–67, 116, 178
- factor analysis 80, 102, 104, 115, 117
 Fair Shares For All 105
 family expenditure survey 178
 Family structure 20
 Flexibility 121
 FLP 76
 Freedom from perverse incentives 121
 Functional Limitations Profile 73,
 79, 81
 Functional Status Index 73
 Functional status measures 72
- General Household Survey 21
 General Households Surveys 134
 General Practice Research Database 56,
 57, 136
 General Practice/Primary Care 56
 Generalised Concentration Index 165
 generic model 70, 71
 Geo-classification 108
 Geriatric Mental State Test 74, 76
 GHS 67, 68, 138, 174, 177
 Gini coefficient 6, 160, 162, 163, 168
 GIS 29, 106, 141
 Gridlink project 132
- HAQ 73
 health and disease 51, 61, 76,
 98, 111
 Health and Disease Categories 51
 health and lifestyle surveys 134
 Health for All' by the Year 2000
 programme 1, 2, 167
 Health Poverty Index 102, 104
 Health Surveys 138
 HES 55, 56, 59, 137
 HIP 42, 107, 139
 Hodgkinson abbreviated Mental Test Score
 and Mental Test 74, 76
 Hospital Episode Statistics 55
 Housing – tenure 139
 housing conditions 11, 38, 95, 101
 Housing Investment Programme 42
 Housing Needs Index 42, 139
 Housing tenure 42
 How to measure inequality? 3
- How to measure inequality 3, 156
